

Show off your skills and help a rescue find a loving forever home.

Part of rescuing horses is providing training that is needed before placing them into their forever homes.

Inviting trainers to compete and show off their skills will help us place horses and make room for more horses that need help.

Who is eligible to fill out an application to compete?

You just need to be a solid horse person who cares and wants to give a horse a chance to shine and get a home! We will have an adult and youth division, 12 through 17 who has a trainer or solid adult horse person overseeing them at a barn with liability insurance.
